

SafetyLink FrogLink™

Surface-Mounted Anchor

BEFORE TEST

The patented FrogLink™ has been tested with a 25.76 kN dynamic force. The resultant force on the structure was minimised to 3.1 kN. (Full test report available).

ACTUAL TEST RESULT

PRODUCT CODE:

FROGL001

FrogLink Complete Unit

SafetyLink's 316 stainless steel surface-mounted FrogLink™ will set a new benchmark in the field of height safety.

This revolutionary all in one unit has been designed to attach to all metal profiles with a single row of attachment holes. This unique configuration makes it a fast simple unit for installation.

Its low profile reflective design is a plus for any commercial or residential enterprise wanting to maintain an aesthetically pleasing façade.

The FrogLink™ doesn't just look good, its dynamic design reduces the load back onto the structure and person attached to the anchor from 25.76kN to 3.1kN. The FrogLink™ is tested and manufactured in accordance with the applicable Australia and New Zealand Standards AS/NZS 1891.4 and is rated as a two person anchor.
